

## Report of Session On

### CYBER SAFETY

Date: Oct 28th, 2021

Place:RC

Day: Thursday

Time: 8:30-9:30 AM

***If you put a key under the mat for the cops, a burglar can find it, too. Criminals are using every technology tool at their disposal to hack into people's accounts. If they know there's a key hidden somewhere, they won't stop until they find it.***

**Tim Cook**

The students were told about the legal aspects of accessing the internet like the legal age, ethics and rules of using social media and gaming and they were advised to handle real and virtual life judiciously. They were introduced to various terminologies like Vandalism, Virus Dissemination, Cyber Bullying, Hacking, Phishing, Cloning, Data Theft, Digital Frauds, CyberObscenity, Internet Addiction, Ransom ware, Spotting Fake News and Email Bombing in today's workshop. The difference between real life crime and cybercrime scenes were keenly discussed - Children were curious about the same. Students were informed about the consequences of Digital Personification were told. Discussed classification of cybercrime and internet ethics in detail. Tried giving them in depth knowledge on Cybercrime and Cyber Safety parameters- So that they can protect themselves and their friends and family.

Several case

studies examples were shared with the students and they were further sensitized towards privacy and security of data. The Four important Classification of Cyber Crime information was shared with the students like

1. **Cybercrime against Individual**-(Email Spoofing,Spamming,Cyber Defamation,Harassment and Cyber Stalking).
2. **Cybercrime against Property**- (ATM Scams, Debit/ Credit Card Fraud, Online Shopping Threats,SMS, Lottery Emails ,Software Piracy and Internet Time Theft )
3. **Cybercrime against Organization**-Unauthorized Accessing of Computers, Denial of Service, Virus Attack, Trojan Horse, Email Bombing, and Logic Bombing.
4. **Cybercrime against Society** -Forgery, Cyber Terrorism, Web Jacking, Malware etc.

The ICT In charge Teacher Ms. Jasmeet Kaur demonstrated live hacking and made them aware about various ways like two-step verification, comment control, using a strong password, protecting our devices, Updating Software's on time to time, installing an anti-virus and firewalls etc. Preventive measures to be taken in cyber space was discussed in details which they can adopt in order to avoid Cyber Crimes.

She concluded the session by sharing some tips for internet banking and safe online transactions and also discussed top seven cyber safety actions. She also shared the website for reporting Cyber Crimes and a pdf document in their respective groups Women and children can report anonymously on [www.cybercrime.gov.in](http://www.cybercrime.gov.in). Internet is a technology, not a toy and we should harness it carefully. A document named BE(A)WARE from RBI consisting of different ways how general public is being cheated, using modern technology and how fraudulent activities occurs and its prevention techniques is also being shared in their broadcast groups for enhancing their knowledge on this important topic.

Children enjoyed the session and also noted the important points. It was a great informative workshop which conveys an important message to all: Your safety is in your hands. Stay alert, stay safe!
