THE SPEECH BY PRINCIPAL MRS. NIDHI JAIN

“We have assembled here today on this auspicious occasion to offer our blessings to each and every candidate for their examination 2019-20, which will be commencing exactly a fortnight from today. We would like to bless you so that each one of you comes out very successful in this very important event of your scholastic life – for the class X’s – your first. I am sure each one of you is working to the best of your capacity and capability. Give it your best shot, children and there’s no looking back and for the Class XII’s, today marks the end as well as a beginning – the end

of a safely, supervised school life and the beginning of a life in the 'real world'. I urge you children to wisely handle the future and freedom that await you. Each one of us feel equally enriched and advantaged by the remarkable journey that had been – some of you from the time you were a toddler to a young adult now. As for the Class X's, we need each one of you back with us – back to make the institution grow stronger. This is your school and you are ours and we hope to see all of you back at DPS with renewed vigor to complete your next two years. We here at DPS ensure that our students move out from DPS, would be well equipped with the skills, mind sets and qualities that will best enable them to strive for success in the world of the future. With the nurturing they get from the school they would definitely become the future leaders and role models of society. The moments we spent together will be missed. But today we're happy because we can see the confidence in your eyes and the determination in your faces. Good luck with the future!"

At the end the head girl and the head boy of the school of the school shared their feeling and extended their gratitude towards the school by their school leaving speech. It was an emotional moment for the teachers and the students.

The ceremony culminated with the customary 'High Tea' organized for the students followed by the staff.
