

# Weekly Report

## Grade- 3

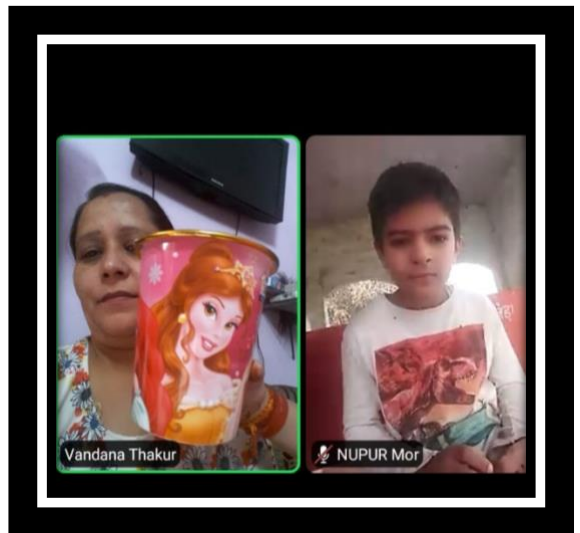

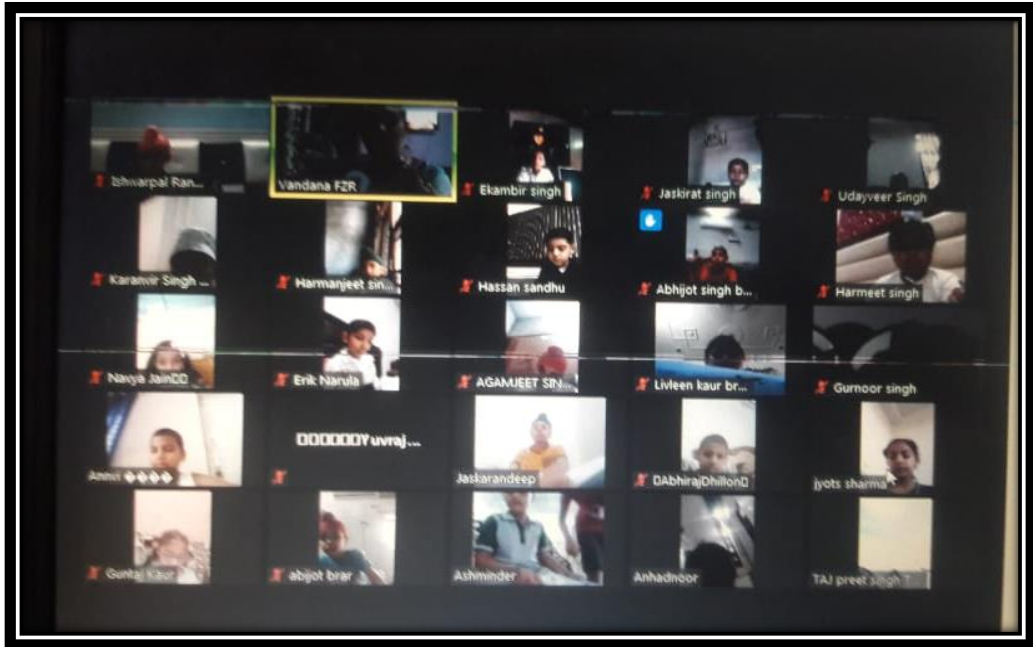

*"Think out of the box and create a learning experience where the learner can interact with the content and their brains."*

**- Rosalie Ledda Valdez**

Video conference sessions had being held for Grade-3 by their respective teachers. The motive behind it was to solve the queries and clear the doubts of the students. The virtual learning and online environment is creating a strong bond between the teachers and the students. The sessions were held successfully.

### Glimpses of the sessions:

# Weekly Attendance
