

VIDEO CONFERENCE REPORT

GRADE PREP

“Teachers are becoming learning facilitators. Their role is shifting from instructing students to helping students “

The Zoom Sessions of Grade-Prep students of both the Sections were taken by their respective class in charges on **April 22, 24 and 25, 2020.**

One day prior to the Zoom Session the class in charges had planned the guidelines for the Session so that the interaction of both the sections would have the same parameters.

The Sessions were started with Shloka and followed by Roll Call. Then the students were interacted with the prior selected questions from the work that had sent them last week. Students participated actively in the sessions and were answering by raising their hands. It was a delightful treat for the learners and the educators as well.

SESSION WITH PARENTS

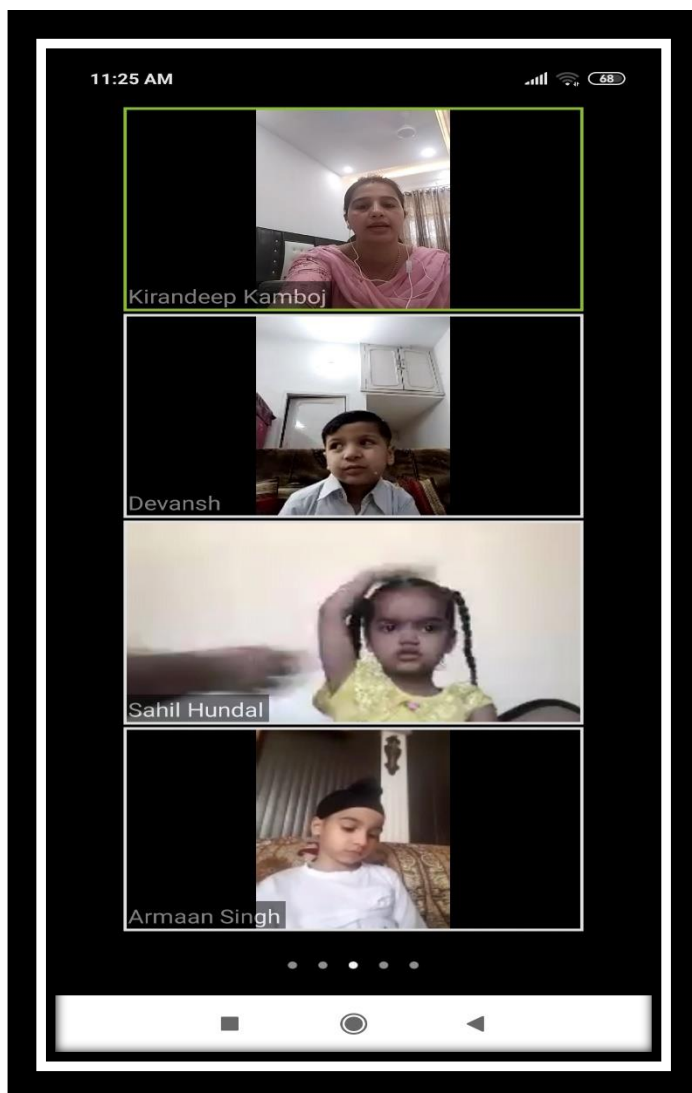

In this unfortunate Pandemic, parents are only the educators. This Session was conducted to guide and interact with the parents so that children can be benefitted through clear guidance and instructions. Session with parents was quite interactive. The educators discussed the aforementioned points:-

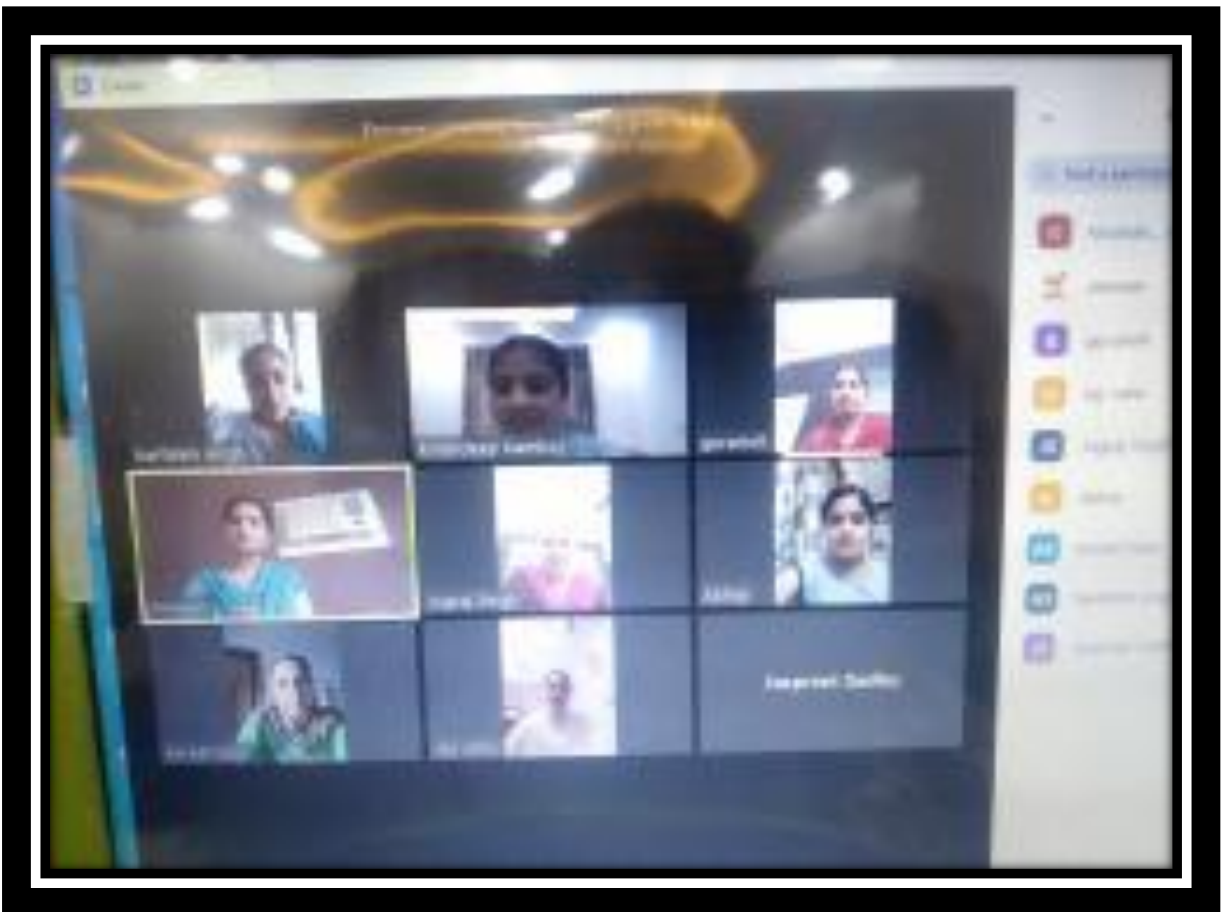

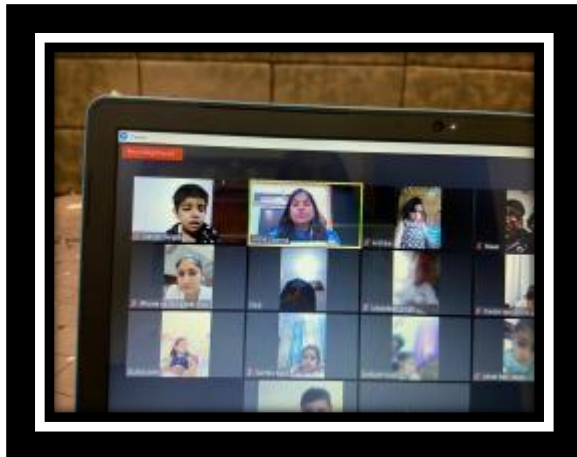

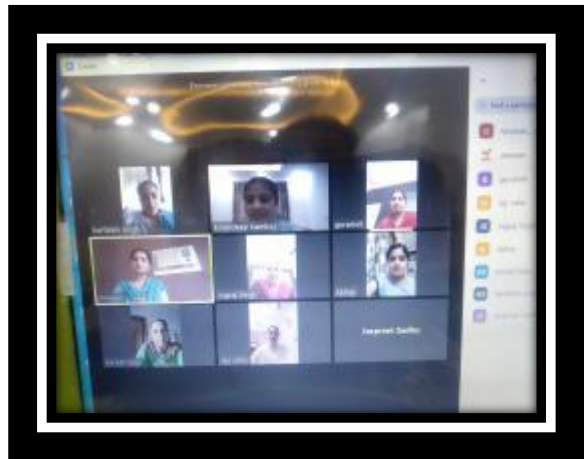

1. To follow the correct formation of Alphabets and Swar.
2. Detailed discussion on the activities and different domains.
3. Queries regarding different subjects were addressed.
4. Instructed to make their wards sit properly and in proper School Uniform.
5. Encourage the parents to do the activities and send pictures of the same.

Danish Prep H.B

You are really a inspiration for us and our kids too. You are only who encourage aur kids to do everything in good way.
Actually now we parents understand the hard work of teachers to teach our kids each and every concept properly..
Thank you so much Mam... 7:47 PM

Anhad Jain Prep W.W

Good afternoon mam,
During this pandemic, it would not have been possible for us to make our kids study all by ourselves. All of your hard work is great help for us. During online sessions, number of things run in our mind too and your effort for online PTM is another help. These interactions are must and appreciable.
Thanks and regards
