

DELHI PUBLIC SCHOOL, FEROZEPUR

REPORT- VISIT TO ARMY AREA

Army Day is celebrated on 15 January every year in India. Grade VIII students of **DELHI PUBLIC SCHOOL, FEROZEPUR** visited army area. All the covid-19 precautions were taken. Everyone were wearing mask there. The first event was a parade. The parade came playing beanbag and drums. The central row with red and Golden arcs of cloth on their heads. Left and right rows with smaller acts of red, golden, green and white on the head and handle on the front of their cans. Picture of the procession was carrying a can.

Procession started with marching while playing instrument. The leader took the permission to start the procession. Once granted, gracefully March back with his can and turned around full stop the group started playing bean bag and drums in harmony full stop the host said that they were now taking the power formation. As they played, the leader first match with the bean bags and they went to the right while the dumbest went to the left. Then the leader and the drama went to the right while the beanbaggers went to the left. At the end of the parade the leaders to marketing at a point of the field and the durmastsbean baggers form a circle around him.As they played the kept circling around him.

At last the leader again came in the front of cage and asked to end the procession after he got the permission everyone went back. After that we all were told to see the weapons of Army people. First fees of BMP 2.The BMP-2 is a second-generation, amphibious infantry fighting vehicle introduced in the 1980s in the Soviet Union, following on from the BMP-1 of the 1960s.

Then we learnt about Milan weapon system. MILAN missile systems were among the numerous weapons sent to the Mujahedeen in Afghanistan in the 1980s by the United States to combat Soviet. Then we saw a WZT-3 Tank. It was a Polish post-World War II armoured recovery vehicle series. It consists of five versions. The first two, WZT-1 and WZT-2 were built on T-55/T-55A hull, the WZT-3 was built on T-72M hull, the WZT-3M was built on PT-91 hull and the WZT-4 was built on PT-91M hull for Malaysia.

We are thankful to our Principal ma'am for organizing this visit. It was really a great experience.
